The image shows a screenshot of a web browser window titled "AMSweb Options - Microsoft Internet Explorer". The main content area is titled "AMSweb Options" and contains several configuration settings:

- AMS Favorites Allowed: ☒
- User Timeout Enforced: ☐ Period
- Audit Trail Records Retrieval Limit: Maximum
- Audit Trail Display: Records/Page
- Initial Audit Trail Date Range: Days
- Initial Calibration Test Events Date Range: Days
- AMS Tag List Display: Records/Page
- Calibration Schedule: Days

At the bottom of the dialog box are four buttons: "Save", "Close", "Defaults", and "Help".
